What is iBridges?

- Core audience: Researchers during their research
  - No iRODS experience
  - Some/no programming experience
  - Windows
  - Lack of time
- Goal: lower the barrier to using iRODS/YoDa
- Client based on PRC for connecting to iRODS: API + CLI + GUI
- Functionality for download/upload/sync/metadata/rules/tickets
- Available on Linux/Mac OS/Windows
- API + CLI: https://github.com/UtrechtUniversity/iBridges
- GUI: https://github.com/chStaiger/iBridges-Gui
- Contact us: Christine Staiger (chstaiger), Raoul Schram (qubixes)
